Skills Summary

- C++, Node.js, React.js

Education

- **VNR VJIET** 2024
Branch: IT CGPA: 7.8

Experience

- **jacinth Paul Business Technologies** 2024-03-22 - 2024-04-22
Web Developer Intern As a Web Developer Intern at Jacinth Paul Business Technologies, I gained hands-on experience in developing and maintaining web applications. I collaborated with senior developers to design user-friendly interfaces and optimize website performance. My responsibilities also included troubleshooting technical issues, conducting quality assurance testing, and contributing to cross-functional teams to achieve project objectives. This internship provided me with valuable insights into web development best practices
- **Kavi Art studio** 2022-03-22 - 2022-04-22
Frontend Developer As a Frontend Developer at Kavi Art Studio, I was responsible for designing, developing, and implementing user-facing features using various technologies such as HTML, CSS, and JavaScript. I collaborated with the design team to create visually appealing and responsive web pages that enhanced the user experience. I also conducted regular testing to ensure cross-browser compatibility and optimize website performance. Additionally, I participated
- **deshaw** 2024-03-22 - 2024-04-22
fdfsd At Deshaw, I have gained valuable experience as a dedicated IT professional. My responsibilities included fdfsd, where I successfully managed and implemented various IT projects. I have a strong track record of problem-solving, collaborating with team members, and delivering high-quality results. My expertise in fdfsd has allowed me to contribute effectively to the success of the IT department at Des

Projects

- **Cross-platform coding performance analysis**
Experienced IT professional with a strong background in creating centralized platforms for collecting, comparing, and analyzing scores from different coding platforms. Skilled in providing a unified view of coding progress and performance across various topics to facilitate informed decision-making for skill development. Proficient in developing responsive design solutions to enhance user experience and optimize system functionality.
- **Interactive Web Game Development**
Developed a variety of interactive web-based puzzle games independently, such as Matching Pairs, Rock-Paper-Scissors, and Tic-Tac-Toe, in order to enhance web development skills.

Extracurriculars

- Committee member of Turing Hut, the Programming Club at VNR VJIET. Developed visually appealing posters and created informative documents to enhance communication and promotion of club events. Organized and facilitated coding contests, workshops, created posters and made documents and peer-to-peer teaching sessions as part of the club's initiatives.
- Attended a 10 days Bootcamp conducted by the WE program. It covered self-learning tools, modern programming languages and corporate skills.

Honors and Awards

- Awarded a scholarship for getting selected into the Women Engineers Program offered by TalentSprint, supported by Google which focuses on technical and corporate skills training. I am one of the top 1% of scholars selected from over 27,000+ eligible applicants across the country for this highly selective program.
- Achieved third place in the Wiki Women Hackathon hosted at IIIT Hyderabad, showcasing strong collaborative skills, tech
